

Change the font style in WordPress

Article Number: 1047 | Rating: 1/5 from 4 votes | Last Updated: Wed, Nov 18, 2020 at 8:51 PM

You can use the default WordPress editor to change the font style that is used on your site. [Open WordPress Editor](#). Click **Fonts** on the left. Click on the font that you want to change, and then select a new font. Click **Save & Publish** when done.
