You can buy and distribute domain names as you see fit.Â Create a site with domain registration information and pricing, and anything you charge on top of what you pay us is your markup. You can use our Domain Robot and domain credits to reduce the time and money you spend.Â You can also configure access to the Domain Control Panel, ensuring that your customers receive the service you want to give. If you are currently a Heart Internet Reseller, you can set up the Domain Control Panel through your Reseller Control Centre.Â
