

Activate a plugin in WordPress

Article Number: 1056 | Rating: 1/5 from 3 votes | Last Updated: Mon, Nov 16, 2020 at 8:20 PM

To activate an installed plugin, follow the steps below. Log in to WordPress. Go to **Plugins > Installed Plugins**. Locate the plugin you want to activate. Click **Activate**. At this point, your plugin is activated and you can follow the plugin's documentation to setup and configure it.
