You can adjust the automatic comment approval settings in WordPress. This helps to prevent comment spam by ensuring only comments from approved users appear on the site. Log in to WordPress Go to **Settings** > **Discussion** Locate the **Before a comment appears** section Check or uncheck the box next to the lines:

Comment must be manually approved  
Comment author must have a previously approved comment  
Scroll to the bottom of the page, and click **Save Changes**. Try to comment without being signed in, to see if the
