Trackbacks and pingbacks are methods for alerting blogs that you have linked to them. Trackbacks and pingbacks can be disabled in individual WordPress pages and posts, which can help prevent comment SPAM. Log in to WordPress. Click **Posts** Click **Edit** for the Post you wish to modify Click the **Screen Options** menu in the top-right corner Check the box next to **Discussion** Scroll down to the newly added **Discussion** section Uncheck the "**Allow trackbacks and pingbacks on this page**" box Click **Update**
