

Delete a WordPress user

Article Number: 1140 | Rating: Unrated | Last Updated: Mon, Nov 16, 2020 at 10:16 PM

As a WordPress administrator you can remove user accounts from your site. Log in to WordPress. Click the **Users** link on the Admin toolbar. Place a check in the box next to the user you want to delete. From the **Bulk Actions** drop-down menu, select **Delete**. Click the **Apply** button.
