If you have an image that isn't the desired size, on your page or post, and it must be adjusted. Click on **Pages** or **Posts** depending which you want to edit. Click the **edit** under the page or post title. Click the **Add Media** button. Select the image you wish to insert. Under the **Attachment Display Settings** on the right, select the desired size from the Size drop-down. Click the **Insert into page** button. You have now updated the size of the image you are working with.
