

Limits on editing files

Article Number: 1283 | Rating: Unrated | Last Updated: Tue, Nov 17, 2020 at 8:28 PM

Hackers love exploiting and defacing WordPress sites, which makes security a priority forÂ everyoneÂ using WordPress. To help make Managed WordPress accounts as hack-proof as possible, we impose strict, security-oriented limitations on which files are editable. This feature means you can only edit the following directories and files on Managed WordPress accounts: /wp-content wp-config.php .htaccess favicon.ico You can also edit any directories or files you upload yourself, such as aÂ php.iniÂ file.
