

What is your time stamping server URL?

Article Number: 1409 | Rating: 1/5 from 1 votes | Last Updated: Wed, Dec 2, 2020 at 6:18 PM

Time stamping your code is an optional feature. Our time stamping server URL is:

<http://tsa.starfieldtech.com>. If you wish to time stamp your code, please specify the full location, including the `http://` part of the URL.
