

Configure settings for downloadable products

Article Number: 1512 | Rating: 1/5 from 3 votes | Last Updated: Mon, May 10, 2021 at 2:40 PM

Configure your settings for digital and downloadable products in WooCommerce. Navigate to **WooCommerce > Settings > Products > Downloadable Products**. Select a **File Download Method** from the dropdown menu. Choose one or both levels of **Access Restriction: Downloads require login, Grant access to downloadable products after payment For Filename**, enable **Append a unique string to filename for security** if you want enhanced security for your files. Click **Save changes**.
