

## What is WooCommerce Subscriptions?

Article Number: 1540 | Rating: Unrated | Last Updated: Mon, May 10, 2021 at 3:21 PM

WooCommerce Subscriptions primarily allows you to create and sell subscription products from your WooCommerce shop. However, it's a fairly extensive plugin with a lot of features that you can start utilizing with your site. Check out some of the offered features: Create subscription products Manually create subscriptions for your customers Setup payment plans and subscription plans with expiration date Set up automatic or manual payments Allow subscribers to pause or renew their own subscriptions Check the metrics of your subscription plans Read more about utilizing WooCommerce Subscriptions from the [introduction to WooCommerce Subscriptions documentation guide](#).
