

## Export WooCommerce product variations

Article Number: 1548 | Rating: Unrated | Last Updated: Mon, May 10, 2021 at 3:26 PM

You can use the Product CSV Import Suite extension to easily export a CSV file of all product variations in WooCommerce. Options are available to customize your export, like limiting the columns or number of variations in the file. **Required:** Product CSV Import Suite is a premium WooCommerce extension included with WordPress Ecommerce Hosting or as a standalone purchase. . Be sure to activate the Product CSV Import Suite extension. (Need help activating your extensions?) Navigate to **WooCommerce > CSV Import Suite**. Click on the **Export Products** tab. In the **Export Product Variations CSV** section, click the **Export Variations** button to download a CSV file of your product variations.
