

Set up linked WooCommerce products

Article Number: 1644 | Rating: 1/5 from 1 votes | Last Updated: Wed, May 12, 2021 at 2:12 PM

In this guide, you will learn how to link related products for Up-Sells and Cross-Sells. Go to **WooCommerce > Products** and select a product. In the **Product Data** panel, click on the **Linked Products** tab. Add products to the **Up-sells** or the **Cross-sells** text areas by searching for the product name. Click **Update** to save changes.
