

Assign a shipping class to products in bulk

Article Number: 1686 | Rating: 1/5 from 3 votes | Last Updated: Wed, May 12, 2021 at 3:53 PM

If you are wanting to quickly assign products to a shipping class in WooCommerce, you can assign them to products in bulk. Click on **WooCommerce**, then **Products**. Select the products that you want to assign by ticking the checkbox to the left of each product name. Select **Edit** from the **Bulk actions** dropdown. Click **Apply**. Select your shipping class from the **Shipping class** dropdown. Click **Update** to save your settings.
