

Create a shipping class

Article Number: 1689 | Rating: Unrated | Last Updated: Wed, May 12, 2021 at 3:53 PM

This guide walks you through how to add a shipping class to your WooCommerce store. With products grouped into shipping classes, you can provide different shipping rates for certain shipping methods, like flat rate shipping. Click on **WooCommerce > Settings > Shipping > Shipping Classes**. Click **Add Shipping Class**. Provide a name, slug (optional), and description. Click **Save shipping class**.
