

Assign a shipping class to a product

Article Number: 1691 | Rating: 1/5 from 3 votes | Last Updated: Wed, May 12, 2021 at 3:54 PM

Once you have created a shipping class in WooCommerce, you can assign a product to that class so that it will use the shipping settings for that class. Click on **Products**. Find the product you want to assign the shipping class to and click **Edit**. Find **Shipping > Shipping Class**. Select a shipping class. Click **Update** to save your settings.
