

How do I modify my A Record?

Article Number: 172 | Rating: 1/5 from 17 votes | Last Updated: Thu, Apr 23, 2015 at 11:15 AM

The A Record, also known as the 'Address Record', is the most important part of the DNS record. It links your domain name to the correct IP address for your web and mail services. You can modify your A Records through your Domain Control Panel. To change your A Record: Log into your Domain Control Panel Click 'DNS Management' Change the IP addresses for the existing A records Click 'Update DNS' The A Records will be changed The DNS changes will take up to 24 hours to propagate across the Internet. You can also create new A Records in the Domain Control Panel.
