

## Create missing WooCommerce pages

Article Number: 1758 | Rating: Unrated | Last Updated: Wed, May 12, 2021 at 4:30 PM

You can easily create any missing WooCommerce pages using the WooCommerce page installer tool. This tool will create the Shop, Cart, Checkout, and My Account pages for you, if they are missing. Select **WooCommerce** in the left menu to expand. Select **Status**. Select **Tools**. Scroll down until you see **Create default WooCommerce pages**. Click the **Create pages** button.
