You can choose to associate fees or discounts in either fixed amounts or percentages for all add-on types.

Required: WooCommerce Checkout Add-Ons is a premium WooCommerce extension included with WordPress Ecommerce Hosting or as a standalone purchase. **Fixed amount adjustment** Enter the price adjustment as a **positive value**, such as 2 . 50. To add a discount, enter the price adjustment as a **negative value**, such as -2 . 50. **Percentage-based price adjustment** When setting the price adjustment as a percentage, the adjustment will be calculated based on the **order's subtotal**. **Set the price adjustment** For the **Text, Text Area, and File** add-on types, you can set the price adjustment on the **General tab**:

For all other add-on types, price adjustments can be set on the **Options tab**:
