Change your Managed Wordpress SFTP/SSH password

Article Number: 1869 | Rating: 1/5 from 2 votes | Last Updated: Mon, Nov 22, 2021 at 2:20 PM

If you want to change the SFTP/SSH password, you'll need to follow all the steps. Go to your Managed WordPress Management page in your account. Next to the Managed WordPress package you wish to access, click Login. For the website you want to change the SFTP/SSH password on, selectÂ **Settings**Â from theÂ menu. UnderÂ **Production Site**, locateÂ **SFTP/SSH details**Â and then selectÂ **View**. At the bottom of the form, selectÂ **Change Password**. You can fill in a password or use theÂ **Generate**Â button to create a strong password. We recommend using a strong password. SelectÂ **Change Password**Â again to complete the process. Your SFTP/SSH password has been updated!
