Why has the amount of spam emails I'm receiving suddenly increased, even with my Junk Mail filters enable

Article Number: 238 | Rating: 1/5 from 6 votes | Last Updated: Thu, Apr 23, 2015 at 11:32 AM

If you start receiving an increased amount of spam, and you have your Junk Mail filters enabled, there could be a few to fix it. **New Spam Techniques** It may simply be a spike in spam emails being sent across the world, or a new spar rules we have in place for Junk Mail. Keep an eye on the number of spam emails you receive, and see if it goes dow you have set up your Junk Mail filters to redirect to a different mailbox, please check and see if that mailbox is full or sent to that mailbox, it will go to the default mailbox. **Bounce-Back Emails** If you are receiving emails that are bound they are spam, it is plausible that your email address has been spoofed, your mailbox has been accessed, or your consistency is very little you can do if your email address has been spoofed, you should run a full antivirus or malware scan on a then change your passwords to strong and unique passwords.
