**Which servers are my hosting packages hosted on?**

Article Number: 384 | Rating: 2/5 from 4 votes | Last Updated: Thu, Apr 23, 2015 at 11:51 AM
If you want to know which server your hosting packages are on:  Log into the Reseller Control Centre Click ‘Packages by Server’ You can now see each domain, which web server they are on, what the server type is, and what the mail server is You can also search by domain name or organise by server name, server type, or domain name.
