Where is the dictionary directory?

Article Number: 401 | Rating: 1/5 from 3 votes | Last Updated: Thu, Apr 23, 2015 at 12:14 PM

If your program requires a dictionary file, we have an existing file on our servers for you to use. Look for the dictionary file 'words' in the directory /usr/share/dict You can use that dictionary as needed, without needing to install your own.
