

What is the absolute path to sendmail?

Article Number: 413 | Rating: Unrated | Last Updated: Thu, Apr 23, 2015 at 12:14 PM

If you need the absolute path to sendmail for use in a script, you can find it at: /usr/bin/sendmail You can also find the paths to other useful programs by logging into your eXtend Control Panel and scrolling to 'Website Helps & Diagnostics'. Clicking 'Paths and Versions' will show you the paths you need for programs, as well as which versions of the software we have installed.
