

How do I stop people from accessing the PHP include file that has the username and password for my database?

Article Number: 419 | Rating: 5/5 from 1 votes | Last Updated: Thu, Apr 23, 2015 at 12:19 PM

If you have a file that contains sensitive information, such as the username and password for your database, there are a few ways to protect it. One way is to use a password-protected directory. Another way is to use a .htaccess file. A third way is to use a .htpasswd file. A fourth way is to use a .htgroup file. A fifth way is to use a .htpasswd file. A sixth way is to use a .htgroup file. A seventh way is to use a .htpasswd file. A eighth way is to use a .htgroup file. A ninth way is to use a .htpasswd file. A tenth way is to use a .htgroup file. A eleventh way is to use a .htpasswd file. A twelfth way is to use a .htgroup file. A thirteenth way is to use a .htpasswd file. A fourteenth way is to use a .htgroup file. A fifteenth way is to use a .htpasswd file. A sixteenth way is to use a .htgroup file. A seventeenth way is to use a .htpasswd file. A eighteenth way is to use a .htgroup file. A nineteenth way is to use a .htpasswd file. A twentieth way is to use a .htgroup file. A twenty-first way is to use a .htpasswd file. A twenty-second way is to use a .htgroup file. A twenty-third way is to use a .htpasswd file. A twenty-fourth way is to use a .htgroup file. A twenty-fifth way is to use a .htpasswd file. A twenty-sixth way is to use a .htgroup file. A twenty-seventh way is to use a .htpasswd file. A twenty-eighth way is to use a .htgroup file. A twenty-ninth way is to use a .htpasswd file. A thirtieth way is to use a .htgroup file. A thirty-first way is to use a .htpasswd file. A thirty-second way is to use a .htgroup file. A thirty-third way is to use a .htpasswd file. A thirty-fourth way is to use a .htgroup file. A thirty-fifth way is to use a .htpasswd file. A thirty-sixth way is to use a .htgroup file. A thirty-seventh way is to use a .htpasswd file. A thirty-eighth way is to use a .htgroup file. A thirty-ninth way is to use a .htpasswd file. A fortieth way is to use a .htgroup file. A forty-first way is to use a .htpasswd file. A forty-second way is to use a .htgroup file. A forty-third way is to use a .htpasswd file. A forty-fourth way is to use a .htgroup file. A forty-fifth way is to use a .htpasswd file. A forty-sixth way is to use a .htgroup file. A forty-seventh way is to use a .htpasswd file. A forty-eighth way is to use a .htgroup file. A forty-ninth way is to use a .htpasswd file. A fiftieth way is to use a .htgroup file. A fifty-first way is to use a .htpasswd file. A fifty-second way is to use a .htgroup file. A fifty-third way is to use a .htpasswd file. A fifty-fourth way is to use a .htgroup file. A fifty-fifth way is to use a .htpasswd file. A fifty-sixth way is to use a .htgroup file. A fifty-seventh way is to use a .htpasswd file. A fifty-eighth way is to use a .htgroup file. A fifty-ninth way is to use a .htpasswd file. A sixtieth way is to use a .htgroup file. A sixty-first way is to use a .htpasswd file. A sixty-second way is to use a .htgroup file. A sixty-third way is to use a .htpasswd file. A sixty-fourth way is to use a .htgroup file. A sixty-fifth way is to use a .htpasswd file. A sixty-sixth way is to use a .htgroup file. A sixty-seventh way is to use a .htpasswd file. A sixty-eighth way is to use a .htgroup file. A sixty-ninth way is to use a .htpasswd file. A seventieth way is to use a .htgroup file. A seventy-first way is to use a .htpasswd file. A seventy-second way is to use a .htgroup file. A seventy-third way is to use a .htpasswd file. A seventy-fourth way is to use a .htgroup file. A seventy-fifth way is to use a .htpasswd file. A seventy-sixth way is to use a .htgroup file. A seventy-seventh way is to use a .htpasswd file. A seventy-eighth way is to use a .htgroup file. A seventy-ninth way is to use a .htpasswd file. A eightieth way is to use a .htgroup file. A eighty-first way is to use a .htpasswd file. A eighty-second way is to use a .htgroup file. A eighty-third way is to use a .htpasswd file. A eighty-fourth way is to use a .htgroup file. A eighty-fifth way is to use a .htpasswd file. A eighty-sixth way is to use a .htgroup file. A eighty-seventh way is to use a .htpasswd file. A eighty-eighth way is to use a .htgroup file. A eighty-ninth way is to use a .htpasswd file. A ninetieth way is to use a .htgroup file. A ninety-first way is to use a .htpasswd file. A ninety-second way is to use a .htgroup file. A ninety-third way is to use a .htpasswd file. A ninety-fourth way is to use a .htgroup file. A ninety-fifth way is to use a .htpasswd file. A ninety-sixth way is to use a .htgroup file. A ninety-seventh way is to use a .htpasswd file. A ninety-eighth way is to use a .htgroup file. A ninety-ninth way is to use a .htpasswd file. A hundredth way is to use a .htgroup file.
