

How do I access the raw access or error logs?

Article Number: 468 | Rating: 1/5 from 1 votes | Last Updated: Fri, Oct 13, 2017 at 1:44 PM

You can download your server access log as a .zip file and then review the data locally on your computer. To download the log: Log into your eXtend Control Panel Click on 'Log File Download' Click 'Download log' The zip file will now download to your computer
