Why can’t I use my BitTorrent Tracker?

Article Number: 59 | Rating: Unrated | Last Updated: Wed, Aug 18, 2021 at 4:24 PM

Due to the controversy surrounding torrent sites and their general usage, we currently disallow all BitTorrent scripts on our servers. Our firewall also prevents the use of torrent trackers on our network. In order to ensure that our system remains secure and uncompromised, any account found to be attempting to run any BitTorrent-related process may be disabled without prior notice.
