

Can I change the Registrant Type on my UK domain name?

Article Number: 631 | Rating: 1.3/5 from 11 votes | Last Updated: Thu, Apr 23, 2015 at 12:10 PM

When you purchase a .uk domain name, you must choose which type of registrant you are – either an Individual or an Organisation. If you have chosen the wrong type of registrant, you cannot change it yourself. However, if you raise a Support Ticket with the Customer Services team, we can make the alteration for you. Simply provide us with the domain name and the registrant type you intended to use.
