How do I connect to my Windows server using Remote Desktop?

Article Number: 84 | Rating: 1.8/5 from 4 votes | Last Updated: Wed, Aug 18, 2021 at 3:36 PM

To connect to your server through Remote Desktop: In the Start Menu on your computer, search for Remote Desktop Open Remote Desktop In the dialogue box, click 'Options' In 'Computer Name', enter the IP address of your server In 'Username', enter Administrator Click 'Connect' Enter in your server's user name and password Click 'OK' Accept the Server Key You should now be connected
